BELLEVILLE, Ont., July 22.—As the result of an outbreak here last night on the arrival of a Grand Trunk train from Toronto, John McMan, its acting conductor, and M. Donovan, brakeman, are lying in a hospital in a critical condition. The men were set upon by a hundred persons and severely beaten. The injured men were carried into a hotel which was shortly afterward bombarded by stones.

MAX ARBITRATE TRAINMEN

MONTREAL, July 22.—The difficulties between the trainmen and the railway companies in setting the arbitration of the Grand Trunk Railway officials and the leaders of the striking conductors and trainmen were followed by the prompt rejection last night of the Minister of Labor's latest suggestion by Vice-President M. Lusk of the Order of Railway Trainmen.

SAYS LAW IS VIOLATED

TORONTO, Ont., July 22.—Grand Trunk trainmen were running close to the law today, but officials announced they would begin to enforce the law if the trainmen did not stop their active operations in the city.

Flames.

DAMAGE DONE AND THREATENED BY FIRE IN THE NORTHWEST:  
Heinenau, Wis.—Town destroyed by fire. Inhabitants rescued by men who pre-empted the train and ran back and forth until everybody was safe.  
Galloway, Wis.—Surrounded by wall of fire ten miles wide.  
Huntington, Wis.—Forest, now burning over; loss probably \$500,000.  
Gleason, Wis.—Fires threaten town; taking care of 100 refugees from Heinenau.  
Keweenaw, Ont.—Fires within mile of town; residents ready to flee.  
Marble, Wash.—Burning.  
Hosburg, Wash.—Fires threaten town in vicinity.  
Tully River, Ont.—Lumber plant in danger.  
Iowa, Wis.—Threatened.  
Bloomfield, Wis.—Surrounded; many fled to other towns; automobiles used by fleeing persons.  
Calumet, Mich.—Fires killed by rain again starting.  
Palestine, Wis.—In peril; saved recently by rain.  
Sundown, Minn.—In great danger.  
Three Forks, Minn.—Surrounded by fire.  
White Water and McGowan, Minn.—Destroyed.

MAUSA—MRS. J. H. 22.—The fire of Galloway, which caused disastrous loss yesterday to that vicinity, are reported today to be fairly under control.

The flames are still extending for miles east of Galloway to Lake Umbagog and large crews of men are fighting the fires throughout the standing timber in that district.  
The loss yesterday in standing timber and loss according to a conservative estimate today was \$500,000.  
The Jacob Mortenson Lumber Company, while on a log float of standing timber near Galloway, has a large crew of men fighting the fire.

FEAR FRESH WIND

The Hutton Lumber Company and the Moore and Galloway Lumber Company are protecting their lumber. If the wind keeps down it is expected the flames will soon be under control.  
In addition to the fire at Galloway, numerous fires have started in the northeastern portion of Marquette county, the western portion of Shawanaga county, northeastern portion of Brainerd county. Conditions today are reported favorable and the towns are still safe, the fires having been kept under control.

SEES FIRE FROM SEA

SEATTLE, Wash., July 22.—Officers of the steamer Dolphin, which arrived from Alaska yesterday, told of tremendous forest fires, a hundred square miles in extent, which they judged to be twenty-five miles in shore from the Strait of Georgia, north of Howe Sound.  
"This was the biggest forest fire I have ever seen," said First Officer H. Deen. "We were nearest to it on Wednesday afternoon. The fire was perfectly still, and tremendous clouds of smoke rose in the form of a cauliflower, narrow at the base and widening at the top."

Mayor Mott Must Name Most  
Beautiful Woman in Oakland

Mayor Frank K. Mott, bachelor and club man, is among the sheiks, and all his political sagacity and the wisdom and coolheadedness which has enabled him to conduct the affairs of a big city with success avail him nothing. Trojan Paris confronted by the three beautiful goddesses in Grecian legend was not in such a bad case as is Mayor Mott. He has to choose the most beautiful of the dainty divinities, had all three of them before him at the same time. Poor Mayor Mott is called upon to choose the most beautiful girl in Oakland.

DOUBTFUL OF COSTUME

Robbers Will Plead Guilty  
To Holding Up the Train

FAIRFIELD, Cal., July 22.—When the case of Joseph C. Brown and Carl Dunbar Bishop, the young men who were arrested for the robbery of the China and Japan fast mail train on the night of April 17 at Goodyear, were called before Justice of the Peace W. W. Reeves, this morning, it was announced that the prisoners would plead guilty of the charges against them.

'DODIE' VALENCIA TO APPEAL CASE

SAN FRANCISCO, July 22.—Balked by the decision of the Superior Court declaring James Clay Dunphy incompetent, which opinion was upheld by the District Court of Appeal, and unable to secure an allowance, "Dodie" Valencia, whose sensational marriage to the cattleman caused much gossip a year ago, has filed notice of appeal to the Supreme Court.

ARGUE ALL MORNING.  
The argument which began shortly after the opening of the session at 10:30 a. m. occupied the three up to noon. Admitting his inability to force Hyatt to withdraw from the investigation unless he signified his willingness to do so, Yell closed with an impassioned plea and arraigned the state superintendent of schools in scathing language. He said: "I cannot under the law prevent you from sitting in this case, if you are fit to do so, Mr. Hyatt, but just to be sure as you bring this man to trial in your presence, I will be there to see that you are not brought to trial in your presence."

### The Indians and the Lost Wigwam.

The speeches made by La Follette and Dolliver in advocacy of the McKinley bill twenty years ago are complete answers to the speeches they are now delivering against the Payne-Aldrich law. Twenty years ago Dolliver and La Follette were both members of the House and both ardent advocates of the protective policy. They were then loyal members of the Republican party—regular Republicans and devoted followers of Speaker Thomas B. Reed. They stood up for Reed's rules and for party organization and party discipline.

Having become insurgents they denounce the rules they once lauded and oppose the policies they once advocated with such fervor. They now declare that the Democratic theory of the tariff which they opposed in 1890 and which was afterward expressed in law by the Wilson-Gorman bill is the true Republican policy. They repudiate with scorn and contumely the measures they helped to frame and eloquently advocated. They class party organization with criminal conspiracy and glorify revolt against party discipline as the highest evidence of patriotism and honor.

Yet the machine La Follette has built up in Wisconsin is a close corporation with methods of the most ruthless and proscriptive type. In California the Lincoln-Roosevelt or Rowell-Spreckels machine is equally ruthless and proscriptive. La Follette is intimating that he will take himself and his machine into some other party, while Cummins, Dolliver's political partner, is talking of organizing a new party. Gifford Pinchot advocated the formation of a new party in his St. Paul speech, a part of which was borrowed from the Socialist platform.

If these gentlemen propose to stand for Democratic tariff vagaries they should join the Democratic party. But they have also taken up with some Populistic notions and some of the dreams of Socialism. When they abjure Republican principles they seem to have found affinities in all the political heresies going. They are pointing out all the false lights they warned against in the past as the beacons to steer by.

If Theodore Roosevelt has sent Gifford Pinchot out here to tell the people of California that he has selected Hiram Johnson to be their Governor, why does he not say so? We might ask why Roosevelt himself does not say he has commissioned Pinchot to be his message-bearer, but as he chooses to remain silent it behooves Pinchot to say whether or not he speaks by authority. Until he does speak it is not necessary to discuss the propriety of letting the ex-President choose Governors for the respective States.

### Oakland's Rapid Progress.

During the last four years the sum of \$28,730,460 was expended on building operations in Oakland. That is the amount specified in the building permits issued by the Board of Public Works, but the sums actually expended are far in excess of the total presented by the official figures. Exclusive of this enormous sum a vast amount has been expended in opening new streets, paving, sewer work, and other improvements of a quasi-public character. The public service corporations have also expended millions which do not appear in the record of building operations. As a matter of fact, fully \$50,000,000 have been expended in general improvements in Oakland since the great fire in San Francisco. Last year the building operations totalled \$6,456,047—the largest sum expended by any city of Oakland's class during the year. An immense amount of new building is projected for the present year, including a new city hall and fire and police buildings, also extensive street, park and water front improvements. What city can beat this showing? It is certainly one that justifies the pride and confidence of our citizens. It is backed, furthermore, by heavy and continuous increases in bank clearings and postoffice receipts and other evidences of prosperity and development.

The Springfield Republican, commenting on the heavy western bound traffic over the transcontinental roads, remarks that it is offset by almost an equally heavy volume of travel bound eastward. It points out that the travel to Europe is also enormous. The travel all over the country is very large. Up and down the Pacific Coast it is breaking all records. Never were the trains between San Francisco and Portland so numerous or so heavily patronized. The same is true of the passenger traffic between San Francisco and Los Angeles. In the Southwest, Oklahoma, Texas, New Mexico, Colorado and Arizona, the travel is also heavy. Yet these are not flush times. Still the tide of tourist travel is sweeping in every direction. A vast proportion of it is first-class. Apparently people have plenty of money to spend in going about. As a matter of fact, Americans are the greatest travelers and the most liberal spenders in the world.

### Humidity in the Imperial Valley.

Excessive humidity combined with excessive heat, is reported to have caused the death of a number of persons in Imperial Valley. This news will be received with surprise by those conversant with climatic conditions in the Salton basin. Of course the humidity must be attributed to irrigation, but the air in that region is usually so dry that it hardly seems possible for excessive humidity to be produced. Imperial Valley was an utter desert prior to the introduction of water for irrigation from the Colorado river. While several hundred thousand acres are now under ditch and cultivation the entire region adjacent to Salton lake is as desolate and dry as Sahara. All around are barren rocks and sand almost destitute of vegetation, blistering in a burning sun, hence it seems incredible that the evaporation from Salton lake and the irrigation canals could have so filled the atmosphere with moisture as to cause excessive humidity. However, this is the season of the year when irrigation is most extensively practiced and it may be that flooding the vast expanse of alfalfa fields has created such an evaporating surface as to produce a remarkable climatic change.

Los Angeles was given terminal rates on the basis of water competition because of her proximity to San Pedro, but the Los Angeles merchants have for years opposed giving San Pedro the same rates. It is true San Pedro is but a small place while Los Angeles is a large and growing commercial centre; nevertheless it is absurd that the port which gives Los Angeles, nearly thirty miles away, her claim to terminal rates on the basis of water competition should be denied the privilege granted by nature. The railroads have hitherto favored Los Angeles by denying terminal rates to San Pedro, but that favor is now to be withdrawn, as it should be. Los Angeles stood in the way of San Pedro's natural rights because of a fear that a jobbing, wholesale and manufacturing business would be built up at San Pedro in rivalry to her own.

### Timely and Interesting Topics

The Municipal Council of Paris has taken drastic action against the hand-bill nuisance, which is largely responsible for the untidy condition of the streets. It has passed a law putting a substantial tax on every dodger given out in the public thoroughfares. It is believed that the new regulation will prove to be prohibitory, as the tax is so high that advertisers will not care to pay it. "Visitors," writes a correspondent, "look with disgust at the pavements littered with countless thousands of handbills, mostly torn, ragged, filthy; on a windy day they see them whirled about their heads, drifted and tossed till the air seems full of flying paper, and they go away with the impression that the streets of Paris are the worst kept they have ever seen. It is true that the road for the horses is better kept than the road for the human beings, but this is not the fault of those responsible for the keeping of the streets, for an army of men is abroad every morning at dawn, sweeping and watering; it is the fault of the law, which allows full liberty in the giving out of street advertisements." The new law is expected to change all this speedily.

In the current number of "Pravda," a Russian law journal published in St. Petersburg, there is an article by Judge Grussenberg on "The Application of the Death Penalty in the Realm of the Czar," which the author says is a study of the statistics of thirty-four years. Courts martial in the field and executions held by "expeditions" are not included in the figures, which show that in the time named 5678 persons were executed by order of circuit military courts. Of these 2410 were civilians and 288 soldiers. The year 1908 was the most prolific in executions, no fewer than 1340 persons having been put to death, a number in excess of the grand total for the preceding thirty-three years. The year 1908 fell behind in its hangman's record, only 630 executions having taken place in that year.

## VACATION CRUISE OF PRESIDENT IS STRENUOUS

Taft Gets Little Rest On Trip Along Maine Coast in the Mayflower.

ATTENDS LUNCHEONS AND LABORS ON GOLF LINKS

Special Train to Convey the Executive and Party to Bangor Tomorrow.

BAR HARBOR, Me. July 22.—President Taft's vacation cruise is becoming strenuous. He did not get back aboard the Mayflower until well past midnight, but was there again this morning at 8 o'clock playing a double round of the nine-hole course at Kobscooke.

After the morning of golf came the spending of the day to the townspeople followed by a little more golf to Mrs. Mark Hanna's home at Seal Harbor for luncheon. The President and his party left Seal Harbor tonight for Bangor tomorrow.

The President's stay at Bar Harbor proper ended with his engagement to stay a few more days to the permanent residents on the Maine coast. The Mayflower with Mrs. T. and other members of the party on board will leave tomorrow for Seal Harbor. Following the luncheon at Seal Harbor, the party will stop at Bangor and then return to Bangor tomorrow.

OVATION FOR PRESIDENT

The President was accorded an ovation when he arrived at the village green. Practically every year-round resident was present.

A few of the summer visitors stepped near by in carriages.

Taft arrived from the golf club on a coach drawn by four horses. He was cheered as he climbed the steps leading to the hotel.

Taft's speech was informal. He congratulated his hearers that they were privileged to live in such a place as Bar Harbor and he hoped they would make a good use of the money they have here.

AIR LIKE CHAMPAGNE

"The air" said the President is like champagne in a prohibition state. The President said that the air was so good that it was almost like champagne.

FAVORS LONG VACATION

"But the American people have found out that there is such a thing as a vacation and that two or three months is not too much after a period of hard work during the rest of the year to give to the work of fall and winter to come the energy and effectiveness it ought to have."

Mr. Justice Strong who lived to be 88 or 89 years of age said he was now 86 years of age and he was now away from everything and to that he attributed his long life.

And so we have come to understand that the mothers and children should have a change of air and a place in which to expand their lungs. The men can come in when they may.

## POLICE ORDER MOVING PICTURE SHOW CLOSED

Exhibition Was Being Given of Fight Between Two Gunners in the English Navy

The first exercise of police powers on the part of Mayor Frank H. Mott in stopping motion pictures of prize fighting was put into effect when a license was ordered for the National Picture Palace at 1215 Broadway on a sensational one-reel picture of a fight between two gunners in the English navy which was staged some days ago before the National Picture Palace in London.

The first exhibition of prize fighting pictures was being run in Oakland and Superintendent of Police Wilson has Sunday from private sources and has ordered that the pictures be stopped.

The pictures were being shown at the National Picture Palace.

CHINESE PLAN TO  
REOPEN THEIR  
GAMES

Celestials Assert Police Lack Right to Raid Clubs As Gambling Dens.

MAYOR SAYS ILLEGAL PLAYING MUST CEASE

Oriental Quarter Still Wrought Up As Result of Shooting by Police.

SAN FRANCISCO, July 22.—The undercurrent of excitement in China town has not been in any measure lessened by the passing of two days since the shooting of a Chinese merchant by a policeman and this morning rumor was prevalent that the games were about to go on again in full swing.

Mayor P. H. McCarthy has declared that he will not have the law violated, although stating positively that he believes the Chinese are entitled to the exclusive use of their clubs and to protection against the invasion of white men. The mayor protested that he had been misquoted in one of the morning papers, in that he does not uphold the gambling clubs when they violate the law. He has hopes that their members should have the same privileges as those accorded to white residents.

FORBIDDEN GAMES BANNED. Games forbidden by the statutes, he insists, shall be stopped by the police, and put forward his wish that he might demand some of the Chinese to issue by the court in order to see that punishment would be handed out as the result of efforts to enforce the law.

"My attitude regarding gambling is the same as it was," he declared. "I believe that the Chinese have a right to play their own games as the white people have, but I am opposed to illegal gambling. I believe the Chinese should have their clubs, wherein they could play their own games. I will never permit any illegality if I can help it, and I am opposed to letting white people enter the Chinese places, whether for gambling or for the purpose of smoking opium. The Chinese keep to themselves and out of white associations, and there will be less talk about the evils of Chinatown gambling or any other form of vice."

MAKES NO CHANGE.

Chief Martin announced today that he had definitely decided not to immediately transfer Sergeant Matheson, a spite to the latter's repeated requests and his statement yesterday that he might consider the matter.

"I will make no change at present," he declared, and have issued no orders to the squad. The law will continue to be preserved at all hazards, and the clubs raided unless the police are restrained by the court.

Council for the Chinese threaten to take steps against the officer responsible for the recent shooting, but Chief of Police Martin asserted that he would not make any change against the patrolman in question even should the injured man die, unless the coroner's jury recommended such a measure.

"The coroner's jury usually investigates such matters," asserted the chief, "and I will let the matter rest with them."

## FIRED ONLY ONCE

Despite Wong Duck's assertion that he was sitting at a table when he was shot, Police Officer Matheson said he was one of those who threatened his life. A peculiar fact in connection with the shooting, however, is that the officer fired but one shot, as an examination of his gun immediately after the shooting showed. Wong, however, is not twice, and admits that one of his countrymen must have fired one of the bullets. It may be that the missile from Matheson's revolver therefore merely inflicted the wound in the neck and did not the more serious injury in the heart.

Judge Carroll Cook chief counsel for the Chinese, has pointed out that the police are not allowed to break down doors, save for the execution of a felony warrant and declares that gambling has never been held to be a felony.

"Neither a citizen nor a policeman," he protests, "has a legal right to enter a Chinaman's house any more than that of a white man unless he has authority to do so."

IDENTIFY SUICIDE  
BY OPTICAL MARK

The Tracings on Back of Card Solves Mystery of Golden Gate Park Death.

SAN FRANCISCO, July 22.—The tracings on the back of the card of J. C. Flagg, optician, at 121 South Broadway, Los Angeles, giving a prescription for glasses was responsible for the identification of the park suicide last night. The man proved to be Harry Reuben, 27 years old, a porter, who has been living here at the residence of Henry Goldstein, 1227 Grove street.

He has two brothers in this city, and a sister in Los Angeles. Depondency, the result of being fitted by a San Francisco girl, is said to have been responsible for the tragedy.

Despite the fact that the autopsy surgeon was almost convinced that the old wound in his back had been caused by a bullet, it is said that the injury was the result of a former attempt to commit suicide by gas asphyxiation in Los Angeles, the incident being caused by the dragging of his body across a threshold on which there was some broken glass, by the ambulance steward.

Indians to Be Aided In Willing Property

WASHINGTON, July 22.—Legislation designed to protect the Indians whose trust periods have not expired, in disposing of their allotments by will, are being compiled by the Bureau of Indian Affairs. Congress at its last session authorized Indians, who have reached the age of 21 and whose lands are still under the control of the government, to "sell their allotments. The bureau will throw all the safeguards possible around the red men in order to insure them that the instructions express their wishes and that they may not be the victim of fraud.

Previously the Indians whose trust periods had not expired were not able to execute wills, the property being sold in accordance with the laws of the State in which it was located.

BURNS ARE FATAL  
TO NEGRO WOMAN

Victim of Oil Explosion Lingers for Many Weeks in Agony.

Mrs. Lydia Williams, a colored woman who was severely burned some weeks ago at her lodging house, 1765 Seventh, died of her injuries this morning at 1 o'clock, after lying in pain for days. She was 37 years of age and a widow, and had conducted the lodging house for some years.

The aged woman had been partially paralyzed, and who was attempting to handle an oil stove, overturned the burner and set her clothes on fire. The burns she sustained would not have been fatal had she not been in ill health. She was attended by Dr. Brennan. No arrangements have been made for the funeral.

## TO DEMONSTRATE WIRELESS PHONE

Its Wonderful Possibilities to Be Shown at Electrical Exposition.

San Francisco is to have a thorough demonstration of the wireless telephone, such is the substance of advice just received by D. M. Moses, general manager of the Pacific Coast Electrical Exposition, scheduled for August 20 to 27 at the San Francisco Coliseum. Developments of the past two years have stamped the wireless telephone as a truly practical invention with possibilities even exceeding those of wireless telegraphy. Extensive tests made in connection with all of the leading exhibitions of the past year in both America and Europe have electrified the scientific and commercial world with the remarkable results attained by this wireless device.

The first demonstration in California will be given during the seven days of the Pacific Coast Electrical Exposition. Its only other success of this kind was achieved in experiments carried out at the Pacific Alaskan Exposition last year in Seattle. On this occasion unusual results, exceeding those of any other wireless telephone, were attained and were easily among the sensational features of the fair.

The perfected invention is that of A. Frederick Collins and is the result of a lifetime devoted to electrical researches. A remarkable feature of the device is the distinctness with which the spoken words are transmitted. In the respect, the wireless is free from all those mechanical interferences that the wire telephone introduces to distinctness.

Mr. Moses, who is thoroughly acquainted with the various wireless developments, declares the wireless telephone one of the greatest of recent achievements. It has reached a point where its operation promises to be more economical and its results more satisfactory than those of the wire. During the next decade it will undoubtedly come into extensive use.

## DISAPPEARS ON EVE OF WEDDING

Police and Army Men Search for Taswell Cole; Foul Play Feared.

SAN FRANCISCO, July 22.—While his sweetheart and fiancée, to whom he was to have been wedded on July 15, is distracted with worry over his disappearance, and the United States naval officials are making an inquiry as to the circumstances of his leaving his post, the local police are trying their best to solve the mystery of how Taswell Cole, 22 years old, dropped from sight while on his way to visit the lady of his choice, Miss T. M. Rowe, of the National apartments in this city.

It was on July 14 that the young man obtained a pass and journeyed from Vallejo to San Francisco. He is believed to have had \$200 on his person, and whether he lingered along the water front in clothing stores and was abnatched; met with foul play at the hands of robbers, or whether there was some motive back of his disappearance, are matters of speculation.

He never reached his destination, and grave concern is felt for his welfare. Miss Rowe is convinced that some ill has befallen him, entertaining the belief that were it possible he would communicate with her.

## Youth Drowns When Wind Capsizes Boat

SEATTLE, Wash., July 22.—Early Thornton, 15 years old, was drowned in the bay yesterday when a rowboat in which he and a younger brother were riding capsized. The boy's father, John T. Thornton, jumped into the water to aid his younger son, who could not swim, and before he had him safely on shore the older boy became exhausted and drowned. A strong wind had blown up a choppy sea and the waves upset the boat.

## STATE BRIEFS

**SAN MATEO**—William O. Recknagel and W. D. Lindsey of San Mateo today escaped death near Lobos, on the Ocean Shore railroad, yesterday, when the train which they were driving became frightened and bolted over a forty-foot cliff. The vehicle was shattered, but the men escaped with severe bruises about the arms and head.

**SANTA ROSA**—County Assessor Frank E. Dowd and his staff of assessors have completed the assessment of property in Sonoma county for the year 1910. The result shows a substantial increase in last year's assessment, in spite of the fact that a number of valuable industries have been wiped out by fire during the year.

**SANTA ROSA**—The three Baldi brothers, employed at the San Mateo railway, escaped death yesterday when they were killed by an explosion of black powder laid yesterday afternoon, when two men were being kept in a confined condition. They were attempting to place a second charge of powder in a huge rock, and it is supposed that the spark of the first charge ignited the powder.

**SANTA ROSA**—The final report of the Sonoma county grand jury, which completed the assessment of the cost of the new courthouse, for which a bond issue of \$250,000 was authorized. The report shows that the structure cost \$107,872.14; furniture and fixtures, \$89,238.18; improvements, \$129,000; superintendence, \$667.55; architect's fees, \$27,000.72; total, \$353,118.59. Less proceeds of sale of old furniture and stone, \$1456, making the cost \$351,662.42.

**VALLEJO**—A. C. McKee of San Francisco, an organizer for the Owls, who was arrested here about ten days ago for passing a number of worthless checks for small amounts on local business men and merchants, was released from the city jail last night after a wealthy friend from San Francisco had arrived here and paid off all the amounts which he had borrowed while McKee was in the city. McKee, stated that his action was out of pity to the wife and children of the arrested man. The amount necessary to get McKee out of jail was \$142.

**REDDING**—News has reached this city that Martin Beckwith, who was formerly known in Shasta county as a mining man, is now in jail in Mexico. Beckwith had sold responsible positions in the copper mines of this country and was sent to Mexico by the United States Smelting and Refining Co. to take charge of a large copper mine in that country.

It is said that he is the victim of a conspiracy of the men in his employ, and was arrested in an effort to get rid of him.

**SANTA ROSA**—That her body be cremated and her ashes scattered over the waters of San Francisco bay was the request of Mrs. Emma Kruse, wife of a Belleue rancher, who died here last night in a local hospital. Will S. Heller, a son of the dead woman, will follow her last wishes. Mrs. Kruse was 44 years old and had been a resident of Sonoma county for many years. She is survived by a husband and three sons.

**FALG ALTO**—The Fogarty, local haberdashery, was partially ruined by fire last evening and the entire contents of the store ruined.

## GAMBLERS SEEK NEW LIFE LEASE

Reno Operators Will Oppose Closing As Result of Big Fight.

RENO, July 22.—In sporting circles it is expected that the new lease of life given gambling since the fight period may result in the proprietors of the various gambling houses attempting to obtain the repeal of the anti-gambling law, which became effective October 1. Previous to the fight the gamblers did not care whether or not the law went into effect, as business was so dull.

There has been an awakening in the games of chance during the last month, however, and it is believed that if there is any indication that more prizefights and sporting events will be staged in Nevada, every effort will be made to continue open gambling. Official figures show that the city and county licenses so collected last month amounted to about \$30,000. Many of these permits were for running extra games during the time that the fight fans' invasion was at its height.

Taking the county's end of it first, the twenty-two regular games in Reno paid \$75 each; three in Sparks and one outside of the city limits paid the same. Twenty-eight extra games were started, paying the initial license of \$100 in Reno, or a extra game was opened in Sparks and four outside the limits, in Rickard and Mona Springs. Seventy-five saloons paid licenses aggregating about \$500 to the city and the municipal toll from the local licenses, of which 593 were issued, amounted to \$2070.75.

## S.S.S. A GREAT TONIC AND BLOOD PURIFIER

There is one reason above all others which makes S. S. S. the greatest of all tonics, and that is because it is the greatest of all blood purifiers. Any system which needs a tonic, needs a blood purifier, for it is impure, weak blood which causes the weakened, run-down condition of the body. S. S. S. is Nature's Tonic and Blood Purifier. It is made entirely of roots, herbs and barks, which possess not only strengthening properties, but at the same time this combination of botanical juices and extracts is the most potent of all medicines for removing every impurity, poison or taint from the blood circulation. S. S. S. improves the appetite and digestion, corrects stomach disturbances and steadily and surely tones and builds the system up to perfect health. It adds to the blood the rich, healthful properties it needs, and in every way enables the system to stand the strain of the long, hot summer months. S. S. S. cures Rheumatism, Catarrh, Bores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison, and all other diseases or disorders due to impure or poisoned blood. Book on the blood and any medical advice free to all who write.

## CHARGES HE USED WOMAN AS DECOY

Sacramentan Says Attorney Trapped Him to Get Divorce Grounds.

SACRAMENTO, July 22.—Eugene G. Soule, a prominent Sacramento attorney, is accused of hiring a woman decoy, Mrs. A. H. Hada, to entrap J. G. Munro in a snare of circumstances for the purpose of obtaining ground upon which Mrs. Munro could secure a divorce and possession of property valued at \$75,000, acquired by Munro, but standing in Mrs. Munro's name. The Munro family, consisting of the wife and stepdaughter, came to Sacramento recently from San Francisco, where Munro is interested in a cigar store in the Baldwin Annex.

The evidence in the hands of Chief of Police Ahern and City Attorney Hark is the ground for the allegation that Soule hired Mrs. Hada to decoy Munro to the lodgings at 918 Nineteenth street last Monday night, where Soule, with Miss May Heath, Munro's stepdaughter, were in hiding. At a given signal they broke into the room occupied by Munro and Mrs. Hada, stopped only long enough to see what was going on, thus qualifying them to act as witnesses in the divorce proceedings.

Munro, in his story to the police, says he struck Mrs. Hada in the face and turned upon Attorney Soule, but was confronted by a revolver. Soule admits that he broke into the room in which Mrs. Hada was entertaining Munro, but denies that he is a conspirator. He says he was in the house on two former occasions when Munro called upon Mrs. Hada, and overheard a conversation in which Munro offered her \$25,000 if she would assist him in securing a divorce from Mrs. Munro, who is now in San Francisco.

A large, ornate, oval-shaped portrait of a woman with dark hair, framed by decorative elements including a bell and floral motifs. The portrait is the central focus, with a dark, textured background. The woman's face is partially visible on the right side of the oval. The frame is highly decorative, featuring a bell at the top right, a floral motif at the top left, and a bell and floral motif at the bottom right. The overall style is reminiscent of early 20th-century magazine illustrations.

Two Still Missing and Fears Felt That They Came to End in Blaze.

MANY FLEE NEARBY HOSTELRIES IN NEGLIGENCE

One Victim Photographed As He Stood in Window Pleading for Help.

HOQUIEM Wash., July 22.—Five persons are thought to have perished in the fire which destroyed the Hotel Hoquiem early today. The body of J. E. Junnett, a fireman, was taken from the ruins today. Two dead already have been found and two men are missing and thought to have died in the fire.

The missing are two workmen whose names are unknown.

Charles J. D. Creganza, a fireman, injured his back and leg when a chair fell on him. He was hurt. Both jumped from a second story window.

PHOTOGRAPH VICTIM

The unknown man who was killed was photographed as he stood in a window pleading for help and as he fell back to death in the flames. The photograph of the victim was taken by a fireman and is being shown to the public.

The hotel caught fire at 10:15 this morning and in less than an hour the building was a mass of flames. Only a change of wind saved the business section of the town from what seemed to be a disaster.

All guests of the hotel about a dozen in number were obliged to leap from the windows. The fire was caused by a gas stove which was left burning.

None of Other Batteries Knew of Fatality Caused by the Explosion.

WASHINGTON, July 22.—Stories of valor and sacrifice in time of suffering and confusion were detailed to General Wood, chief of staff of the army, and other officials of the War Department today on the return to Washington of officers who yesterday witnessed the explosion of a big gun in the first minute of a battle practice at Fortress Monroe which resulted in eleven deaths.

These persons' reports were augmented by further telegraphic reports from 11 of the 12 batteries of the Coast Artillery corps and command of the fort.

Clarence Townsend, in an official report, reported that the explosion of the big gun was caused by a defective fuse which was on its way to the magazine.

HAD CHOICE OF HURRIED  
EXIT OR DEATH IN GREAT  
EXPLOSION, WIFE DECLARES

Mrs. Roberts Answers Her Husband's Suit for Divorce by Claim That He Threatened of His Family

SAN FRANCISCO, July 22.—Giving his wife her choice of the door or window in making her exit from her home, Fred Roberts threatened to blow up the house and in actual fact with personal violence, unless she left the premises with her children, according to her testimony in answer to his suit for divorce in Judge Connelley's court today.

In the end she succumbed in turning the tables on her spouse herself, receiving a interlocutory decree of divorce. The Roberts' were married on Christmas day in 1886 in Oakland and have five children. According to the wife, they quarreled throughout their married life until the final break came eighteen months ago, when the husband declared his intention of blowing up their residence at 1517 Broadway street unless she had the place to himself.

The child, daughter Blanche, corroborated the mother's testimony.

Her Divorce Annulled

SAN FRANCISCO, July 22.—When Elizabeth Finney began suit for divorce against her husband, James, on the ground of fault, to prove, she failed to back up the charges in the hands of her spouse, and in consequence Finney gained the upper hand and today obtained an annulment of the marriage from Judge John L. Riker, sitting of Judge Sturtevant. It appears that in March 1906, the present Mrs. Finney married Antonio Kach and three children, and lived with her for four days, after he had been granted a divorce from his first wife, which was subsequently annulled.

A Lawrence, who obtained an interlocutory decree from his wife, Mrs. Mills, on June 3, will appear in court on the 24th inst. to show cause why the decision of the court should not be set aside. Mrs. Lawrence is a sworn statement of divorce that he lived with her for four days, after he had been granted a divorce from his first wife, which was subsequently annulled.

Deserted After 35 Years

Claiming to have been deserted after thirty-five years of married life, Frances B. MacFadyen today filed suit for divorce against Alvin MacFadyen. The two were married in Boston, Mass., April 1, 1875, and the wife alleges that their marital unhappiness did not begin until after twenty years. Then, she alleges, MacFadyen took to drinking, this habit progressing until he became neglectful of her, failing to provide her with the necessities of life, and finally deserted her. She says he makes \$2 a day, but does not name his business and ask for \$2 a month alimony.

Files Second Divorce Action

SAN FRANCISCO, July 22.—In accordance with the prearranged plan Mrs. Emma G. McCreary filed her second action for divorce against Robert C. McCreary, alleging a second Mrs. McCreary, who is very prominent socially and comes of a distinguished family, is reported to be worth over \$100,000 in her own right.

Wants Divorce and Home

Mrs. Elizabeth Etnier has filed in the Superior Court suit for divorce against Charles S. Etnier, a city goods store department manager, charging him with desertion. The two were married in January 1907 and Mrs. Etnier claims her husband abandoned her in June 1909. She asks the court to award her their home on Ninth avenue near 14th, Twenty eighth street, East Oakland.

**S**AN FRANCISCO, July 22.—Exhibiting their lingerie and other gowns, hats and other articles of apparel, Miss Anna Cox and Mrs. Edith Cox Eaton, her sister, inaugurated a device that is expected to become the vogue of the women of Burlingame and Hillsborough by going before Deputy Collector of the Port Newton S. Farley yesterday and taking precautionary measures to save themselves from the annoyance of customs men on their return from a vacation trip to Europe. Taking oath that they intended to start on their travels today and would be absent from the United States for two months, the two women swore to all the articles of clothing they would carry in their trunks and provided photographs of the brilliant array for the convenience of the customs inspectors.

Deputy Collector Farley compared each gown, hat and sacred article of lingerie with the photographs and then certified that the pictures were exact representations of the traveling wardrobes of the women.

Armed with these certificates Miss Cox and Mrs. Eaton then set out for home to complete final arrangements for their departure this morning, satisfied that they were effectually armed to meet any possible impertinence from the prying customs forerunners when they returned from their tour.

It was the first time in San Francisco that this ceremony of disclosing garments by deposition and photographs was carried out, the suggestion coming from the customs brokers of the women, C. D. Bunker & Co.

### California Woman Divorced

**RENO, July 22.**—After encircling the globe three times, Mrs. Elizabeth Morrison came to Reno and instituted an action for divorce against T. S. V. C. Morrison, at present in Shanghai, China. The decree was granted yesterday. Mrs. Morrison testified that she was born in California, educated in an Oakland convent and married J. S. V. C. Morrison at Melton Coast, England, in April, 1909. Shortly after their marriage she left with her husband for Hongkong, China. She swore that on their arrival in Hongkong, she gave him \$10,000, which she had inherited from her father, and asked him to place it in bank. He went, she said, and when he returned two days later he was intoxicated and had spent every cent of the money. She then took a position as governess with the family of Henry Morris, a banker of London, Shanghai and Hongkong. This family is now waiting for her at Vancouver, B. C. Mrs. Morrison's maiden name was Elizabeth Pike. She was the daughter of the late Captain John Pike, who was the first man to pilot a gunboat up the Yangtze Kiang river. For this feat he was honored by the Empress Dowager of China, who made him a member of the exclusive Order of the Golden Dragon.

### Woman Accused of Jewel Theft

**ST. LOUIS, July 22.**—That Joseph S. Lucas, an electrical contractor, confessed to the theft of jewels valued at \$6000 from the residence of J. C. Jones, an attorney of St. Louis, and implicated Mrs. Anna R. Sholes of Los Angeles, who is being held in Detroit, was the declaration of Chief of Detectives Smith yesterday.

Jones has gone to Detroit to claim the diamonds which were recovered from Mrs. Sholes. He said he would not prosecute Lucas. A casualty insurance company now has charge of the case.

**LOS ANGELES, July 22.**—It is believed that Mrs. Anna Sholes, held in Detroit, formerly lived in Los Angeles with her mother, Mrs. W. P. Tucker. Mrs. Tucker is in the East.

Mrs. Ida Felt, aunt of Mrs. Sholes, said yesterday that her niece had gone East to settle some business connected with the estate of her husband, Charles Sholes, who died in California nineteen years ago, leaving considerable property.

"My niece has been in the East a year," said Mrs. Felt yesterday. "She wrote recently saying that she would return to Los Angeles soon. She was then in St. Louis, but intended going to Detroit before returning to California."

"Mrs. Sholes is about 38 years of age, of attractive appearance and has many admirers. She has a large collection of diamonds of her own—gifts from her husband. These she had with her. Her income was sufficiently large for all her needs."

### "Cissie" Loftus Under Knife

**LONDON, July 22.**—Cecilia Loftus, who was billed to appear at the Coliseum July 25, it was announced last night, will undergo an operation and will not appear in public until further notice.

Cissy Loftus was married in July of last year in London to Dr. A. H. Waterman of Chicago. After her return from her American tour some time ago she prepared to take up the legitimate drama, and her Coliseum appearance was fixed for next week. It is uncertain now when she will be able to appear on the stage.

### Woman Wants Aviation Prize

**NEW YORK, July 22.**—A French woman, one of the four or five women who have done serious work in aviation, has indicated her intention of coming to America shortly for the purpose of attempting a flight from Chicago to New York for a prize recently offered. She is Mrs. Mathilde Frank, the French wife of a British journalist.

Mme. Frank has made several excellent flights recently. She flew yesterday fourteen miles at Moutmelon without stopping, establishing a record as a woman aviator. She is at present preparing for a flight across the English channel from Calais to Dover.

### ROLPH RE-ELECTED HEAD OF EXCHANGE

Becomes President for Third Term and Commands Work of Board of Directors.

**SAN FRANCISCO, July 22.**—James Rolph Jr. was elected president of the Merchants' Exchange yesterday, and he consented to serve one more term—the third—in that office. The directors of the Exchange met yesterday, received the annual report of President Rolph, and elected officers for the current year. President Rolph called attention to the movement recently inaugurated to unite the largest commercial bodies of this city into one great commercial institution, which will result in the benefit of San Francisco and California. He commended the act of the directors in commencing a lease with the merchants of the entire fourteenth floor of the Merchants' Exchange building for a term of ten years.

He also commended the directors for having given temporary free use of large and commodious quarters on the tenth floor of the building to the Panama-Pacific International Exposition Company, from which source rental will soon be secured.

While the gross income of the Exchange has been less than the preceding year, \$11,000,000 has been added to the surplus.

The following officers were elected: President, James Rolph Jr.; vice-president, William J. Dutton; treasurer, Irving F. Moulton; secretary, H. C. Friedlander; chief inspector, H. C. Bunker; floor inspector, C. R. Spilva.

### COOKING SCHOOLS FOR REGULAR ARMY

Presidio at San Francisco and Washington Barracks to Have Culinary Colleges.

**WASHINGTON, July 22.**—The aroma of pate de boeuf and frappe de corn pone is carried in general order number 135 of the War Department. According to the direction of the acting chief of staff, General Carter, two schools of cooking and baking are to be established for the good of the cuisine of the regular army.

The schools, one at the Presidio, San Francisco, the other at Washington Barracks, District of Columbia, are to be conducted with a view to turning out the best article of cooking ability to be found anywhere in the world. The term extends over four months allowing for the graduation in three months of those especially qualified. Men who have failed to come up to the mark in the four months, but who have some promise of better things are to be given one extra month of training.

The order stipulates that regimental commanders will take proper steps to have at least one graduate baker available with each regiment.

On the completion of a course required, graduates will receive degrees ranging from chief baker to first sergeant. Graduates of superior ability will be chosen to direct the duties of the cooks who come in the new classes.

## Henderson & Tapscott Tracts NORTH BERKELEY TERRACE

At San Pablo and Potrero Avenues

**Right at the Pullman Shops**

ON ELECTRIC CAR LINE **\$250** Key Route Extension Crosses Tract  
**\$5 A MONTH** **\$5 A MONTH**

**For a Lot—No Interest—Taxes Paid for Two Years—Graded Streets—Cement Sidewalks and Water Mains**

North Berkeley Terrace is active property in an active locality.

It is priced lower than any of the properties in the double march of expansion—between two fires, as it were—coming Berkeley from the south—Richmond from the north.

It is the only logical residential section for the future employees of the Pullman Co.—it is the last of the hillside properties bridging the gap between Berkeley and Richmond—it enjoys the proximity

of a pretentious business district—schools of the highest possible order are on the property and adjacent, as are churches, banks and a postoffice.

It is completely equipped with transportation facilities—electric cars from Oakland to Richmond running two miles along the front of the tract; is convenient to the Southern Pacific, the Santa Fe and the Key Route right of way crosses the property.

**WE OWN TWO MILES OF HILLSIDE** Property on San Pablo avenue, overlooking the Pullman Shops. It's absolutely the only Hillside Property between Berkeley and Richmond. It has Stores, Schools, Churches and Postoffice. Is priced low. The terms are easy. Most desirable place for your home. A speculative opportunity of unparalleled promise. Come out Sunday.

We own two solid miles of hillside property on San Pablo avenue; it is the last in this district; it is the future home-site of the Pullman Co.'s employees. The rapidly growing business section in this locality, the many thousands of people who must be housed near their work, the transportation, the location, the environment and the price of the property are

factors that make for the absolute safety of investments made in North Berkeley Terrace.

But the investment must be made now, while the prices are low—before the most desirable sites are gone—before active building commences and prices are raised.

Bring \$5 and get your lot—it means big profit to you.

Mail This Coupon For Beautifully Illustrated Folders and Maps.

**HOW TO REACH THE PROPERTY**—Take a Richmond Car direct to our office, corner of San Pablo and Potrero Avenues.

## Corn Market Attracts Excited Brokers; Prices in Big Decline

NEW YORK, July 22.—In local sales today of National Lead and of American Smelting were at advances of 1 and  $\frac{1}{2}$  respectively over yesterday's closing prices. The general list showed some irregularity but gains were in the majority. Minneapolis, St. Paul and Sault Ste. Marie Iron and Irons found Garysburg

CHICAGO July 22.—Excitement in the corn market today was due to a cause exactly the reverse of the reason yesterday. The fresh development was a big decline in prices and came in consequence of the rains extending from Central Iowa to Central Nebraska. Selling was general from commission houses of every kind.

## EXPULSION OF MORMONS ON ORDER OF MINISTER

Herr Dalwitz Warns Missionaries They Must Leave Germany for Good.

### BIG MEETING BROKEN UP BY POLITICAL POLICE

Teachings of Churchmen Is Regarded by Government As Immoral.

BERLIN, July 22.—Herr Dalwitz, Prussian Minister of the Interior on recommendation of the political police, has signed orders for the expulsion of twenty-one Mormon missionaries most of whom are American-born Englishmen, and they will be conducted to the frontier today. The missionaries had assembled from various parts of Germany at the Mormon headquarters on the east side to meet Superintendent Mackay, an American usually residing in Switzerland. They were holding a service when an agent of the political office who was seated in the audience rose and declared the gathering dissolved. At the moment several members of the criminal police appeared and virtually took the congregation into custody.

### WOMEN ORDERED OUT

The women were asked to leave the place and the men were ordered out to their nationality. Those found to be German subjects were released while the others were requested to accompany the officers to the police headquarters. Thereafter further examination they were permitted to go to their lodgings to await the issuance of warrants for their expulsion. The status of the Mormons in Germany was taken up by exchange notes between the foreign officers and the American embassy in 1902 when the government took the position that the teachings of the missionaries were subversive of morality.

### LEADERS DEPART

It was then arranged with the Mormon superintendent through the American embassy that all Mormon missionaries should withdraw from the country within a month transferring to middle European headquarters from Berlin to Switzerland. Subsequently 140 foreign leaders departed leaving the German societies with a total membership of 8000 in the care of the native preachers. The authorities state that in recent years the Mormons have disregarded the understanding of 1903 and from time to time individual missionaries have been apprehended and expelled. In one instance they have been applied in the American embassy for relief and made a protest against their expulsion.

## AMERICAN PEOPLE AUTOMOBILE CRAZY, BANKERS DECLARE

WHITE PLAINS, N. Y., July 22

The Westchester County Bankers' Association believes that the people of the United States are "automobile crazy" and that the bankers of the country ought to intervene to save their clients from this madness.

At their annual convention held here this week the association passed resolutions asking its members to scrutinize carefully the applications of those who want to borrow money on notes for the purchase of automobiles. The bankers are to use extreme caution in discounting such paper. The bankers declared that hundreds of persons have put themselves in peril of bankruptcy during the last six months by mortgaging their homes or hypothecating valuable securities to buy machines.

## HUNDREDS OF PEOPLE MADE HAPPY AND SUCCESSFUL

There are many people that are skeptical in regard to the advice of an Occult Scientist and Clairvoyant but it can be safely said that such people have never consulted a reliable clairvoyant like A. Norman Del Martin for the last 14 years to make such convincing demonstrations that no intelligent person can remain skeptical after an interview with this gifted man. A Norman Del Martin is different from all others. His knowledge of science and the laws of nature combined with this marvelous gift of clairvoyance enables him to point to human life with remarkable accuracy. He is with remarkable accuracy located at 813 Twelfth street where he will make his future home. Anyone who doubts over any affair in his business, love, domestic or other problems, will do well to get the advice of this gifted man. The professor is free for consultation and a moderate fee for the poor as well as the rich are able to profit by his advice. For this week the professor will give his consultation free for \$1.00. Prof. Del Martin is so what he called for a long time a single question. So positive is Professor Del Martin of his power to see in this wonderful test that he will not accept any fee for his services if he fails.
